Estimate No. of 1877

Estimate of the probable cost of  
repairing the present Market &  
Building in Chikmagalur

Report

This building was put up in  
the year 1874. The repairs required  
to it are the taking off, and the  
relaying of the present pot tiles with  
an additional allowance of one  
sixth new tiles with new chunnam &  
borders &c. complete and some necessary  
repairs to the wood work.

This would not amount to much  
more than Rs 200, but levelling  
the present site, and gravelling in  
places have also been estimated  
for.

## Specification.

Earth Work  
Clearing Site } Level pegs

Must be carefully driven in at sufficient intervals so as to be a complete guide to the coolies. The whole to have an uniform fall from N. to S. and from W. to E. All holes and depressions must be filled up, and the top surface made perfectly smooth and hard.

Gravelling. Roads around the Market buildings to be made as shown on the drawing. no side drains to be allowed the roads to be in the same plane as the remainder of the site. The gravel to be of the best description procurable. all large stones to be either rejected or broken, and the whole after spreading to be thoroughly consolidated by watering and tamping.

Wood Work. The old broken portions to be all renewed with good sound jungle wood either muttie, mudi, or Honay wood no inferior or second class jungle wood will be allowed.

Roofing. Eight thousand new pot tiles of the best description must first be brought to site, and passed. The whole roof will then be taken off, and carefully relaid. The extra quantity of new tiles will enable the gauge to be closer. Churnam borders and binders to be laid as before.
